# SKYLINE PET PRODUCTS - OUR MISSION

As a well-established manufacturer of pet accessories, we provide a wide range of high-quality products to wholesale partners and resellers worldwide.

Animal welfare is a foundational principle of our operations. For years, we have been collaborating with experienced experts from BNA, ZZF and IVH. Their support ensures that our products meet the highest standards of safety and comfort for animals. Sustainable practices are central to our product development. We carefully select natural and environmentally responsible materials including wood, glass, ceramic, wire, and metal, ensuring both durability and compliance with ecological standards.

With a strong foundation in expertise, responsibility and quality, we are a reliable partner for resellers who value ethical manufacturing and innovative, animal-conscious product design.

Our products are:

- Eco-friendly made from natural materials
- Adapted to new requirement and current trends
- Recommended by BNA and IVH
- Innovative and functional, manufactured in Eastern European factory in Lodz (Poland)

# AVANT GARDE

## BIRD HOMES for Canaries, Budgerigars, Finches and other small birds.

Our bird homes meet all the requirements and criteria for the species-appropriate keeping of pet birds and are perfectly tailored in size.

The design and selection of materials are adapted to the needs of their feathered inhabitants.

In line with the functional design, we use high-quality materials: real wood, sturdy metal wiring, durable plastic components and stainless steel for feeding dishes. Furniture rollers ensure convenient handling of larger bird aviaries.

Ball-bearing mounted pull-out drawers and integrated aluminum trays provide optimal hygiene and easy cleaning.

## BELINDA XL schwarz/weiss

Belinda XL and XXL – The Elegant Habitat for Your Cherished Birds

Idea for **small birds** such as **parakeets, canaries, and zebra finches**.

### Removable Diiscret Drawer for Easy Cleaning:

This makes it easier for the caregiver to maintain cleanliness without stressing the birds. It's simple to take out and clean, ensuring the environment stays fresh and hygienic for the birds.

### Full Opening Roof:

The full opening roof allows for easy access to the interior, which is particularly helpful for tasks like cleaning, rearranging items, or interacting with the birds.

### Access to Feeders from Outside the Cage:

This is a practical feature, as it allows you to refill the feeders without needing to open the cage or disturb the birds. This minimizes stress and reduces any potential for escape.

### Transparent Plastic Panels:

The transparent panels help keep the cage clean by containing the mess inside. They also provide a clear view of the birds, making it easier for caregivers to monitor their well-being and behavior.

### Accessories included:

- 5 wooden perches
- 2 outside feeding bowls

Supplied flat-packed to save space.

## MARRAKESCH 120 Doppel

This upper-level extension transforms a standard nagarrrium into a multi-level habitat, promoting physical activity and enhancing animal well-being—all while maintaining a clean, modern aesthetic.

It provides additional space, vertical enrichment, and better airflow—perfect for small animals like hamsters, gerbils, or other climbing rodents.

Built-in platforms and ramps, encouraging natural behaviors like climbing, burrowing, and exploring.

Compatibility with the base terrarium Marrakesch 120 (as shown in the lower module) which allows deep bedding for digging and nesting, while the upper module focuses on activity and stimulation.

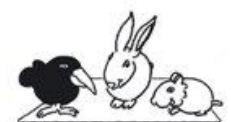

Ideal for: Small pet owners looking to expand their enclosure vertically without compromising space or ventilation.
